

AOP ECR WEBINAR EVENT

6 October 4-6pm

Navigating a career in clinical academia

The Association of Physicians is delighted to host this webinar aimed at supporting early career clinical researchers at all levels. All clinicians are welcome to join, from those considering a period of research during training to new PIs looking for advice on developing independence. Sessions will include:

- Splitting your time and focus - how to succeed in both clinical and academic worlds
- Clinical academic career pathways - strategies for resilience and flexibility

Breakout rooms will allow more in-depth discussion, relative to your career stage with sessions including:

- Why and how to do a PhD and routes to funding
- Preparing for OOP research
- How to write a fellowship proposal
- Tips to get your through the post PhD period
- Supervising others - who, how and when?
- Establishing independence as a clinician scientist
